2. On the occasion of our discussion [REDACTED] requested that I forward a burned copy to him. I would appreciate it if you would give one copy to [REDACTED] and I am also enclosing a copy for [REDACTED]

3. As we pointed out on 2 June the successful implementation of this system depends largely, in my opinion, on a thorough and professional briefing of [REDACTED] and his appointed business agent at the O-2 level. The briefing afforded the union personnel should emphasize the sensitivity of the areas involved.
